PLANTS /PART 1 MUNICIPAL ELECTRIC PLANT LAW OF 1935 /7-52-103. Powers of municipalities.

7-52-103. Powers of municipalities.

- (a) Every municipality has the power and is authorized to:
- (1) Acquire, improve, operate and maintain within or without the corporate or county limits of such municipality, and within the corporate or county limits of any other municipality, with the consent of such other municipality, an electric plant and to provide electric service to any person, firm, public or private corporation, or to any other user or consumer of electric power and energy, and charge for the electric service:
- (2) Acquire, improve or use jointly with any other municipality a transmission line or lines together with all necessary and appropriate facilities, equipment and appurtenances for the purpose of transmitting power and energy or connecting their respective electric plants with a wholesale source of supply and, to this end, such municipality may provide by contract for the method of holding title, for the allocation of responsibility for operation and maintenance and for the allocation of expenses and revenues;
- (3) Accept grants, loans or other financial assistance from any federal agency, for or in aid of the acquisition or improvement of any electric plant;
- (4) Contract debts for the acquisition or improvement of any electric plant, borrow money, and issue bonds and notes pursuant to title 9, chapter 21, to finance such acquisition or improvements;
- (5) Assess, levy and collect unlimited ad valorem taxes on all property subject to taxation to pay such bonds, and the interest on the bonds;
- (6) Acquire, hold and, subject to the applicable provisions of any bonds or contracts, dispose of any property, real or personal, tangible or intangible, or any right or interest in any such property in connection with any electric plant, and whether or not subject to mortgages, liens, charges or other encumbrances, but no municipality shall dispose of all or substantially all of its electric plant, except as provided in § 7-52-132;

- (7) Make contracts and execute instruments containing such covenants, terms and conditions as in the discretion of the municipality may be necessary, proper or advisable for the purpose of obtaining loans from any source, or grants, loans or other financial assistance from any federal agency; make all other contracts and execute all other instruments as in the discretion of the municipality may be necessary, proper or advisable in or for the furtherance of the acquisition, improvement, operation and maintenance of any electric plant and the furnishing of electric service; and carry out and perform the covenants and terms and conditions of all such contracts and instruments;
 - (8) Enter on any lands, waters and premises for the purpose of making surveys, soundings and examinations in connection with the acquisition, improvement, operation or maintenance of any electric plant and the furnishing of electric service; and
 - (9) Do all acts and things necessary or convenient to carry out the powers expressly given in this part.
 - (b) In addition to the powers listed in subsection (a), each municipality in any county having a population of:

not less than	nor more than
23,300	23,400
28,100	28,400
35,050	35,200

according to the 1990 federal census or any subsequent federal census has the power and is authorized to promote economic and industrial development through participation both as a borrower and a lender in various programs established by the rural electrification administration or other federal programs.

(c) In addition to the authority granted under otherwise applicable law, each municipality operating an electric plant has the power and is authorized within its service area and on behalf of its municipality, acting through the authorization of the board or supervisory body having responsibility for the municipal electric plant, to contract to establish a joint venture or other business relationship with one (1) or more third parties to provide the services authorized by § 7-52-601; provided, that, with respect to cable services, at least one (1) such third party shall be a current franchise holder that has been providing services in any state, either itself or its predecessor or predecessors, for not less than three (3) years at the time of the establishment of the joint venture or other business relationship. Any such joint venture or other business relationship shall be subject to the provisions of §§ 7-52-602 - 7-52-609.

- (d) In addition to the authority granted under otherwise applicable law. each municipality operating an electric plant has the power and is authorized on behalf of its municipality, acting through the authorization of the board or supervisory body having responsibility for the municipal electric plant, to establish a joint venture or any other business relationship with one (1) or more third parties to provide related services, subject to the provisions of §§ 7-52-402 - 7-52-407. No contract or agreement between a municipal electric system and one (1) or more third parties for the provision of related services that provides for the joint ownership or joint control of assets, the sharing of profits and losses, or the sharing of gross revenues shall become effective or enforceable until the Tennessee regulatory authority approves such contract or agreement on petition, and, after notice and opportunity to be heard, has been extended to interested parties. Notwithstanding § 65-4-101(6)(B) or any other provision of this code or of any private act, to the extent that any such joint venture or other business relationship provides related services, such joint venture or business relationship and every member of such joint venture or business relationship shall be subject to regulation by the Tennessee regulatory authority in the same manner and to the same extent as other certified providers of telecommunications services. including, but not limited to, rules or orders governing anti-competitive practices, and shall be considered as and have the duties of a public utility, as defined in § 65-4-101, but only to the extent necessary to effect such regulation and only with respect to the provision of related services. This provision shall not apply to any related service or transaction that is not subject to regulation by the Tennessee regulatory authority.
- (e) (1) In addition to the authority granted under otherwise applicable law, a municipality operating an electric plant has the power and is authorized, acting through the authorization of the board or supervisory body having responsibility for the municipal electric plant, to accept and distribute voluntary contributions for bona fide economic development or community assistance purposes pursuant to programs approved by the board or supervisory body, which programs may include, but shall not be limited to, programs in which utility bills are rounded up to the next dollar when such contribution is shown as a separate line on the utility bill.
- (2) Contributions accepted by a municipal electric plant pursuant to programs authorized by subdivision (e)(1) shall not be considered revenue to the municipal electric plant or the municipality's other utility systems, and such contributions shall be used only for economic development or community assistance purposes.
- (f) For purposes of this section, "related services" means those services authorized by § 7-52-401.

PART 4 TELECOMMUNICATIONS SERVICES

Tennessee Code/TITLE 7 CONSOLIDATED GOVERNMENTS /CHAPTER 52 MUNICIPAL ELECTRIC

PLANTS /PART 4 TELECOMMUNICATIONS SERVICES /7-52-401. Authority with relations to telecommunications equipment and services.

7-52-401. Authority with relations to telecommunications equipment and services.

Every municipality operating an electric plant, whether pursuant to this chapter, any other public or private act or the provisions of the charter of the municipality, county or metropolitan government, has the power and is authorized, on behalf of its municipality acting through the authorization of the board or supervisory body having responsibility for the municipal electric plant, to acquire, construct, own, improve, operate, lease, maintain, sell, mortgage, pledge or otherwise dispose of any system, plant or equipment for the provision of telephone, telegraph. telecommunications services, or any other like system, plant, or equipment within or without the corporate or county limits of such municipality, and, with the consent of such other municipality, within the corporate or county limits of any other municipality, in compliance with title 65, chapters 4 and 5, and all other applicable state and federal laws, rules and regulations. A municipality shall only be authorized to provide telephone, telegraph or telecommunications services through its board or supervisory body having responsibility for the municipality's electric plant. A municipality providing any of the services authorized by this section may not dispose of all or substantially all of the system, plant and equipment used to provide such services except upon compliance with the procedures set forth in § 7-52-132. Notwithstanding § 65-4-101(6)(B) or any other provision of this code or of any private act, to the extent that any municipality provides any of the services authorized by this section, such municipality shall be subject to regulation by the Tennessee regulatory authority in the same manner and to the same extent as other certificated providers of telecommunications services, including, but not limited to, rules or orders governing anti-competitive practices, and shall be considered as and have the duties of a public utility, as defined in § 65-4-101, but only to the extent necessary to effect such regulation and only with respect to such municipality's provision of telephone, telegraph and communication services.

7-52-402. Subsidies - Municipal costs.

A municipality providing any of the services authorized by § 7-52-401 shall not provide subsidies for such services. Notwithstanding that limitation, a municipality providing such services shall be authorized to:

- (1) Dedicate a reasonable portion of the electric plant to the provision of such services, the costs of which shall be allocated to such services for regulatory purposes; and
- (2) Lend funds, at a rate of interest not less than the highest rate then earned by the municipality on invested electric plant funds, to acquire, construct, and provide working capital for the system, plant, and equipment necessary to provide any of the services authorized under § 7-52-401; provided, that such interest costs shall be allocated to the cost of such services for regulatory purposes. Any loan of funds made pursuant to this section shall be approved in advance by the state director of local finance and shall contain such provisions as are required by the state director.

PLANTS /PART 4 TELECOMMUNICATIONS SERVICES /7-52-403. Applicability to municipalities - Municipalities subject to regulatory laws and rules.

7-52-403. Applicability to municipalities - Municipalities subject to regulatory laws and rules.

- (a) To the extent that it provides any of the services authorized by § 7-52-401, a municipality has all the powers, obligations and authority granted entities providing telecommunications services under applicable laws of the United States or the state of Tennessee. To the extent that such authority and powers do not conflict with the provisions of title 65, chapter 4 or 5, and any rules, regulations, or orders issued under title 65, chapter 4 or 5, a municipality providing any of the services authorized by § 7-52-401 has all the authority and powers with respect to such services as are enumerated in this chapter.
- (b) Notwithstanding the authorization granted in subsection (a), a municipal electric system shall not provide any of the services authorized by § 7-52-401 unrelated to its electric services within the service area of an existing telephone cooperative with fewer than one hundred thousand (100,000) total lines organized and operating under the provisions of title 65, chapter 29, and therefore shall adhere to those regulations of the 1995 Tennessee Telecommunications Act and rules of the Tennessee regulatory authority that are applicable to the telephone cooperatives, and specifically §§ 65-4-101 and 65-29-130.

PLANTS /PART 4 TELECOMMUNICATIONS SERVICES /7-52-404. Tax equivalent payments.

7-52-404. Tax equivalent payments.

A municipality providing any of the services authorized by § 7-52-401 shall make tax equivalent payments with respect to such services in the manner established for electric systems under part 3 of this chapter. For purposes of the calculation of such tax equivalent payments only, the system, plant, and equipment used to provide such services, shall be considered an electric plant, and the revenues received from such services shall be considered operating revenues. For regulatory purposes, a municipality shall allocate to the costs of any services authorized by § 7-52-401 an amount equal to a reasonable determination of the state, local, and federal taxes that would be required to be paid for each fiscal year by a nongovernmental corporation that provides the identical services.

7-52-601. Authority to operate services.

- (a) Each municipality operating an electric plant described in § 7-52-401 has the power and is authorized within its service area, under the provisions of this part and on behalf of its municipality acting through the authorization of the board or supervisory body having responsibility for the municipal electric plant, sometimes referred to as "governing board" in this part, to acquire, construct, own, improve, operate, lease, maintain, sell, mortgage, pledge or otherwise dispose of any system, plant, or equipment for the provision of cable service, two-way video transmission, video programming, Internet services, or any other like system, plant, or equipment within or without the corporate or county limits of such municipality, and, with the consent of such other municipality, within the corporate or county limits of any other municipality. A municipality may only provide cable service, two-way video transmission, video programming, Internet services or other like service through its board or supervisory body having responsibility for the municipality's electric plant. A municipality providing any of the services authorized by this section may not dispose of all or substantially all of the system, plant, and equipment used to provide such services, except upon compliance with the procedures set forth in § 7-52-132.
- (b) The services permitted by this part do not include telephone, telegraph, and telecommunications services permitted under part 4 of this chapter.
- (c) Notwithstanding the provisions of subsection (a), a municipality shall not have any power or authority under subsection (a) in any area where a privately-held cable television operator is providing cable service over a cable system and in total serves six thousand (6,000) or fewer subscribers over one (1) or more cable systems.
- (d) Notwithstanding the provisions of subsection (a), a municipality shall not have any power or authority under subsection (a) in any area of any existing telephone cooperative that has been providing cable service for not less than ten (10) years under the authority of the federal communications commission.

- (e) (1) Notwithstanding the provisions of this section, the comptroller of the treasury shall select, not later than August 1, 2003, a municipal electric system providing services in accordance with this part to provide, as a pilot project, the services permitted under this section beyond its service area but not beyond the boundaries of the county in which such municipal electric system is principally located; provided, that:
- (A) The municipal electric system receives a resolution from the legislative body of the county regarding service in unincorporated areas of the county, or any other municipality within such county regarding service within such municipality, requesting the municipal electric system to provide such services to its residents; and
- (B) The municipal electric system obtains the consent of each electric cooperative or other municipal electric system in whose territory the municipal electric system will provide such services.
- (2) The comptroller shall expand the pilot project established in subdivision (e)(1) to include one (1) municipal electric system located in the eastern grand division of the state that proposes to provide services in accordance with this part. Not later than August 1, 2004, the comptroller shall select the municipal electric system pilot project pursuant to this subdivision (e)(2), subject to the requirements of subdivisions (e)(1)(A) and (e)(1)(B).
- (3) The comptroller shall report to the general assembly, not later than January 31, 2008, with recommendations regarding whether the pilot projects permitted by this part should be continued or expanded to other systems. The comptroller shall evaluate the efficiency and profitability of the pilot project services of the municipal electric system in making such recommendation; provided, that the comptroller shall not so evaluate a pilot project system that is not providing service in competition with another cable service provider.
- (4) There shall be no other municipal electric system selected to provide pilot project services until the comptroller issues the recommendation required by subdivision (e)(3).

7-52-602. Business plan - Public notice and hearing - Referendum.

To provide the services authorized under this part, the governing board of the municipal electric system shall comply with the following procedure:

- (1) Upon the approval and at the direction of the governing board, the municipal electric system shall file a detailed business plan with the office of the comptroller of the treasury that includes a three-year cost benefit analysis and that identifies and discloses the total projected direct cost and indirect cost of and revenues to be derived from providing the proposed services. The plan shall also include a description of the quality and level of services to be provided, pro forma financial statements, a detailed financing plan, marketing plan, rate structure and any other information requested by the director of the division of local finance:
- (2) After review of the plan, the comptroller of the treasury shall provide a written analysis of the feasibility of the proposed business plan to the chief legislative body of the municipality in which the municipal electric system is located and the governing board within sixty (60) days; provided, that the calculation of the time to file the comptroller's written analysis shall not commence until the business plan is complete. Upon expiration of the sixty-day period, the governing board may proceed without the written analysis of the comptroller;
- (3) If the governing board determines to proceed, it shall publish, in a newspaper of general circulation within that area, a notice of its intent to proceed with the offering of additional services. The notice shall include a general description of the business plan and a summary of the governing board's findings on such plan. The notice shall also specify a date on which the governing board shall conduct a public hearing on the provision of such services;
- (4) The governing board shall conduct a public hearing on the provision of such services. No sooner than fourteen (14) days after such public hearing, the governing board may consider authorizing the provision of additional services. A municipal electric system may provide additional services only after approval by a two-thirds (2/3) majority vote of the chief legislative body of the municipality in which the municipal electric system is located or by a public referendum held pursuant to subdivision (5); and

(5) Upon a majority vote by the chief legislative body of the municipality in which the municipal electric system is located that a public referendum should be held on the question of whether the municipal electric system may provide additional services, the chief legislative body of such municipality may direct the county election commission to hold a referendum on such question. In order for the question to be placed on the ballot, the chief legislative body shall so direct not less than sixty (60) days before a regular general election. Upon receipt of such direction from the chief legislative body, the county election commission shall place the question on the ballot. The referendum shall only be held in conjunction with a regular general election being held in the municipality and only registered voters of such municipality may participate in the referendum. The question to appear on the ballot shall be:

"FOR THE MUNICIPAL ELECTRIC SYSTEM PROVIDING ADDITIONAL SERVICES" and

"AGAINST THE MUNICIPAL ELECTRIC SYSTEM PROVIDING ADDITIONAL SERVICES."

7-52-603. Separate division to provide services - Costs and charges.

- (a) (1) (A) A municipal electric system shall establish a separate division to deliver any of the services authorized by this part. The division shall maintain its own accounting and record-keeping system. A municipal electric system may not subsidize the operation of the division with revenues from its power or other utility operations.
- (B) A municipal electric system may lend funds, at a rate of interest not less than the highest rate then earned by the municipal electric system on invested electric plant funds, to acquire, construct, and provide working capital for the system, plant, and equipment necessary to provide any of the services authorized by this part; provided, that such interest costs shall be allocated to the cost of such services.
- (2) The division shall be subject to the terms and conditions of those types of provisions generally provided in existing or future pole attachment agreements, including without limitation, allocation of costs for rates, insurance, and other related costs, and the responsibility for make-ready provisions, that are applicable to private providers of services provided by the division under this part.
- (3) In response to facility installation, maintenance, or relocation requests made under a pole attachment agreement by a private provider of services provided by the division under this part, the municipal electric system shall provide the same response times and service quality as the municipal electric system provides for requests of the division for such services and shall provide nondiscriminatory access to these facilities. Nothing in this subsection (a) shall impair the rights of a municipal electric system under its pole attachment agreement with the private provider of services.
- (b) A municipal electric system providing any of the services authorized by this part shall fully allocate any costs associated with the services provided under this part to the rates for those services.
- (c) A municipal electric system providing any of the services authorized by this part shall establish and charge rates that cover all costs related to the provision of such services.
- (d) A municipal electric system shall charge or allocate as costs to the division the same pole rate attachment fee as it charges any other franchise holder providing the same service.

(e) Any fee imposed by the municipality on a private provider of cable services, shall also be allocated to the division.
