

WHAT WE ARE

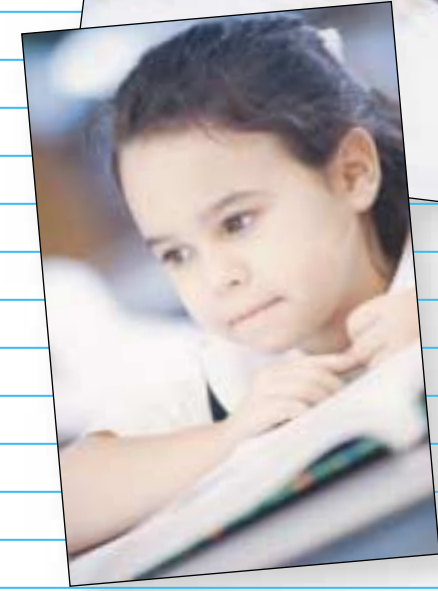

The Tennessee Cable Education Foundation (TCEF) is a non-profit charitable subsidiary of the Tennessee Cable Telecommunications Association (TCTA). TCEF's purpose is to help communities identify local education needs and bring the resources of local cable TV providers and their affiliates to the table to help address the needs. Cable operators throughout Tennessee are currently in partnership with cable television programmers and vendors to raise funds and provide resources for education.

HOW IT CAN BENEFIT YOU

The cable industry is dedicated to help identify local education needs in the communities they serve, and then work through TCEF to meet that need. The TCEF staff is eager to assist or advise on how to serve your community's needs. Through TCEF, the cable industry can maximize education outreach.
